

QUALITY POLICY

Quality is integrated in every process in our Company, based on the requirements of the Standard **ISO 9001:2008**.

Fundamental principles of Quality at FENI INDUSTRIES are:

- To ensure that we fully identify and conform to the needs of our Customers;
- To have a traceability of our production;
- To promote a corporate and responsible image of the Company;
- To carry out all activities according to the legal requirements and regulations.

In order to comply our fundamental principles, we engage ourselves to:

- Analyze and fulfill requirements of our Customers;
- Develop professional communication and partnership with all Customers and Suppliers;
- Develop quality awareness through communication and training of our Employees;
- Continually improve the efficiency of our Quality system;
- Review constantly the efficiency of our process and to suggest improvements;
- Define clear responsibilities of each Employee within the Company;
- Respect internal procedures;
- Ensure a high level of safety.

Scope: Excavation of nickel ore and production of ferronickel.

Kavadarci, 10/05/2016
